

Workshop on Comprehensive School Safety Programme

Kerala State Disaster Management Authority & UNICEF

Department of General Education

District: Malappuram

Venue: District Panchayath Hall, Malappuram

Date : 8th February 2020

unicef 
for every child

Report

As part of the Comprehensive School Safety programme under KSDMA- UNICEF partnership, it was decided to conduct regional training programmes on School Safety at the district level. A total of 200 schools in 14 districts have been selected for the training programme based on the multi hazard zones and 2018 flood affected area. The regional training program on school safety for the Idukki District was conducted on **Saturday, 8th February 2020 at District Panchayath Hall, Malappuram**. The Education department officials and teachers of Malappuram **district** participated. The DDEs, DEOs and AEOs of Malappuram district participated in the training apart from the Headmaster, the focal point teacher of the selected schools. A total of 57 participants attended.

The programme was inaugurated by the DDE, Malappuram District. She pointed out the need of School safety programme for a district with hilly terrain where floods and landslides are becoming frequent and periodical.

The inauguration was followed by a session on the Overview of disasters, governance mechanism, legal framework by Dr Shreeja M U, Hazard Analyst, KSDMA and a session on School safety, school safety action plan and the roles and responsibilities of different stake holders in school safety activities by Dr Pratheesh C Mammen, Programme coordinator, UNICEF-KSDMA programmes. In the succeeding Q & A session, participants asked questions, clarified their doubts and raised their concerns.

In the post lunch session, participants were divided into 6 groups and they reviewed the school safety plan template submitted by them which was send to them earlier. They shared their concerns and pointed out the mistakes in the submitted reports. This was followed by another exercise wherein each group was given the map of a school with the building plan and they were asked to draw the evacuation route. Two members from each group presented their findings followed by a discussion.

The interactive sessions witnessed active involvement of all participants. Integration and coordination of different stakeholder departments like Fire and safety, Police, Motor vehicle, LSG Engineering for the implementation of School safety was the major focus of the discussion. Dr Shreeja facilitated the discussion and detailed the coordination possibilities at the ground level. Some of the DEOs and AEOs suggested the possibility of school safety training given through the teachers training programme during the summer holidays. All of them (except a couple of participants who said the training program was satisfactory) rated the training as good and very good.

PARTICIPANTS			
Sl No	Name	Designation	Institution/Office
1	JITHESH P	CLERK	DEO - WANDOOD
2	RAJENDRAN P	PA TO DEO	DEO - WANDOOD
3	ANOOP C	CLERK	DEO - MALAPPURAM
