

International Women's Day 2021

International Women's Day is a global holiday celebrated annually on March 8 to commemorate the cultural, political, and socioeconomic achievements of women. It is also a focal point in the women's rights movement, bringing attention to issues such as gender equality, reproductive rights, and violence against women.

Kerala State Disaster Management Authority has organized an in-house team meet to mark the International Women's Day on 8th March 2021. The virtual team meet has conducted through the Webex platform. There were different topics of discussion have happened among the members, since it was exclusive women-oriented subjects most of our team expressed their views on women's leadership, women in the workplace, being a working mother, etc. There were various opinions raised from the members on being women still our social-political environment is not accepting women as an individual perspective. It is also mentioned that even though there are barriers to overcome, women leaders and their confidence is exceptional. We need a progressive thinking society to have more women representatives in all spectrum of activities. The meeting concluded with a healthy-interactive discussion with relevant experience sharing from team members. At the end of the meeting, Dr. Shekhar L Kuriakose, Member Secretary –KSDMA has released a flyer – which is designed especially for all women workforce in KSDMA.
